Dear John

Please be advised that I have been in contact with Mr. Bruce Mitchell of Sawtooth Stone Co. with regard to Mr. Mitchell's desire to enter the old "Green Beetle" Quarry located in the E ½ SE ¼ SE ¼ Sec. 36 T 11 N. R 16 W. and which was held by my interest as ML 44911, for purposes of exploration.

As the party yet responsible for final reclamation of the remaining disturbance, I have determined to remain liable, and to assume responsibility for any additional disturbance incurred by the exploratory efforts of Mr. Mitchell. I have agreed to accompany Mr. Mitchell to the site and to advise him as to the location of the desired material at it's most amenable location based upon my experience there.

It is my opinion that such exploration can be accomplished with a minimum of re-disturbance, and in a timely manner. I am hopeful that Mr. Mitchell will be successful in this exploration, and be enabled to work toward his assumption of responsibility for final reclamation of the site. Thank you for your help in this matter.

Sincerely,

William L. Bown
